

# SOL | Breathe SOL into Your Creation

SOL is an LCD 3D printer with a monochromatic print screen and is specifically designed for same-day chairside digital dentistry. It prints at three times the speed of SLA printers and has five times more UV Power than earlier models so that it can match DLP Printers. SOL gives light to the full package needed for present-time digital dentistry.

**54 LEDs** calibrated to be completely uniform

**100+** Prevalidated Materials

**Selective curing** for improved accuracy and lifespan

**49-micron** Pixel-size

**Instant access** to resin updates
